[Luke](#)

Submitted by theshovel

Hello my friends!

The Shovel articles presented in this section are related to the book of Luke in more than just a passing reference. To access them, choose from either the chapter links directly below or from the right side menu (they are identical). Once there, you will be offered another menu of the actual links to the articles. These articles might originate from a few different sources, such as from a newsletter, Q&A, or even a ShovelAudio.

You can also access more related articles through one of the links just below the book navigation.

Jim :)
